SCORED A SMALL GAIN

NEW YORK STOCK MARKET THREW OFF A LITTLE LETHARGY.

Lost the Advance Later and Crosed Weak-Local Trade Is Making a Good June Average.

At New York, yesterday, money on call was easy at 1401% per cent.; last loan, 1% per cent.

Prime mercantile paper, 31/2041/2 per cent. Sterling exchange was easy, with actual business in bankers' bills at \$4.86%@ 4.85% for demand and \$4.84%@4.84% for sixty days; posted rates, \$4.851/2 and \$4.88; comraercial bills, \$4.83\\@4.83\\.

Silver certificates were 60@61c; bar silver, 504c; Mexican dollars, 47%c. At London silver bars sold at 27%d an ounce.

The stock market made some headway during the early part of the session against depression and an average level of prices materially above Tuesday night was established. Room traders were inclined to take the long side for a turn, under the impression that the market had been oversold and a rally was due. But before the end of the session large offerings of stocks were thrown on the market, embracing all the cipal groups of securities dealt in. Earlier gains were more than wiped out, the dec'ine from the best in the active railroad stocks running from 1 to 11/2. The net losses were mostly fractional, but some of the specialties show wide declines, and the same is true of some of the dormant stocks which have not been dealt in during the late period of weakness. The chief ket was the higher range of prices from abroad and the disposition of London to more cheerful view was taken in foreign quarters of the Chinese situation, and British consols hardened a shade, in spite of the stiffening financial market. The chief influence in turning the tide of sentiment toward the bear side was the acute weakness developed in Sugar and Brooklyn Rapid Transit, and in other specialties by

prices down on account of Tuesday's judicial decision against the legality of 10-cent fares. After selling at 64 in the morning stock was forced down to 601/2 in the dealings. The drop in Sugar extended er 4 points and was without special explanation. All the gas stocks were acutedepressed, the declines extending from in People's Gas to 5% in Brooklyn on Gas. Other notable declines were ton Oil preferred, 5; Chicago Great Vestern preferred, 4, on disappointment ver the tailure to declare a dividend, and he Tobacco stocks, General Electric and ke, from 14 to 4. These violent dees had a sympathetic effect on the whole Weakness in the railroads was aggravated by the renewal of crop damage rts, and not only the grain-carrying ds, but the cotton roads also, were afcted by this cause. The day's engaget of \$1,100,000 of gold for shipment to France was about what was expected, and rling exchange eased off under the ofus of bills against the shipment. Disit rates hardened both in London and in, and sterling fell a fraction in Paris, that it is considered probable that the lemand for gold is not yet satisfied and old is expected to go out on Saturday. The bond market was dull and prices

High Price for a Cotton Seat. NEW YORK, June 20 .- A sale was made last night of a Cotton Exchange membership at \$3,975, the seller paying the transfer fee of \$25. To-day a seat sold at \$4,000, the buyer paying the transfer fee, making the cost of membership \$4,025. Less than two years ago Cotton Exchange memberships sold as low as \$500. Improved business advanced the price to \$2,200 last spring. Since then a new commission law has caused the increased value.

LOCAL GRAIN AND PRODUCE.

Trade Volume Up to June Expectations, with Steady Prices.

With the wholesale grocers, the commission houses and iron and hardware stores trade is good, and the druggists and provision and produce handlers are doing as much business as they look for in June, while prices rule very steady. Sugars continue active and firm. Rice and teas are moving freely, while syrups and molasses are neglected. There is no improvement in the demand for canned goods and evaporated fruits. There is a good demand for berfull prices. Lemons are in good request and buy stocks here. It was evident that a good supply. For new potatoes there is an increasing demand. There has been no important change in the egg, poultry or butter market, choice articles in either line bringing quotations

readily.

The local grain market is more active on increasing receipts. All cereals are in good request at price quoted on the track, as furnished by the secretary of the Board of Trade:

WHEAT GOES 33-4 CENTS HIGHER AND RETAINS IT ALL.

Northwest Crop Reported to Be Per Cent.-Corn and Oats Gain-Provisions Firm.

CHICAGO, June 20 .- Under an enormous buying pressure by the Northwest crop situation wheat to-day advanced 34c over yesterday and held every fraction of it to the close. The other markets were helped by the wheat strength, corn closing 1%c, oats 1c and provisions 5c to 71/2c higher. Drought ruined half the wheat crop of the fruitful Northwest and excessive heat, according to to-day's dispatches, is burning up the stinted remainder. A mesage from that unfortunate part of the country said the temperature was 100 degrees in places. If any additional stimulus were needed to cause a continuance of recent heavy buying it was found in the news mentioned. The market started the session with a good advance over yesterday and kept on advancing to the close. Throughout the day the news of the condition of the plant in the Northwest was gloomy to an extreme degree. Many authorities said that where a few days ago half a crop was a possibility, now, with the lack of rain which might have saved, the loss will be in the neighborhood of 90 per cent. July opened 14c to 15c over yesterday at 78%c to 79%c and in a series of kangaroolike leaps, following a dip to 78%c near the opening, advanced to 81%c, at which the lose came, 3%c over yesterday. The Northwest was a heavy buyer, but at that Spices—Pepper, 15@18c; allspice, 15@18c; cloves, 15@18c; cassia, 15@18c; nutmegs, 50@65c per 1b. Beans—Choice hand-picked navy, \$2.40@2.50 per it could not be said to have led. The demand came from everywhere apparentfortunate possesers were gobbled up like a peck of potatoes and the statisticians on the board nearly lost their wits trying to keep track of a market which had got far out of ordinary bounds. Outside markets advanced, those in the Northwest shooting up faster than even Chi-

cago, thus furnishing to the local additional impulse. The cash business was curtailed by the skyrocketing of futures. The dips during the day were inconsequential generally. During the forenoon, July having jumped to 79%c, sold off to 78%c, longs liquidating, but following that the dips were too small to be noticeable in such a large market. An estimate puts the amount of wheat which changed hands to-day at 30,000,000 bu. Clearances at the seaboard were equal in wheat and flour to 234,000 bu. Primary receipts were 598,000 bu, compared with 1,060,000 last year. Minneapolis and Duluth reported 351 cars, against 384 last week and 713 a year ago.

Receipts here were 101 cars, none of con-A good general buying of corn resulted from the wheat strength, and that market closed the session in a strong condition. Receipts were liberal, 478 cars here, and shippers seemed to have fairly liberal acceptances to their bids made last night. Also the crop situation was favorable, but the bouyancy of wheat was too much to be ignored. July sold between 39%@40c and 41%c, closing at the top, 1%c over yesterday. Oats were more active and strong, helped, of course, by the advance in wheat. There was still considerable changing. The Northwest bought some on talk of crop losses in the Dakotas and Nebraska. Re-

ceipts here were 209 cars. July sold be-tween 231/4c and 241/4c, closing 1c over yesterday at 24%c. Provision speculators were calm in the midst of the surrounding excitement, but were in accord with the general improvement sufficiently to advance the market bit. July pork sold between \$11.45 and \$11.57½, and closed at \$11.55; July lard between \$6.60 and \$6.67½, closing 5c im-

proved at \$6.67\%, and July ribs between \$6.65 and \$6.72\%, with the close 5c better at Estimated receipts to-morrow: Wheat,

EAST BUFFALO, June 20.-{Special.}-Ran-em. Mansfield & Co., live stock commission dealers, report: Cattle-Receipts, 3 cars. Market steady. Poor to fair cows, \$2.60@3.85; light butcher steers, \$4.65@4.90; veals, \$5@6.50. Hogs-Receipts, 10 cars. Market active and 10c to 20c higher. Yorkers, mixed and mediums, \$5.6065.70; pigs, \$5.6065.65; bulk pigs selling in with full loads, roughs, \$4.6564.50; stags, \$3.506 3.90. Closed weak at inside prices; to-day's values dangerously high. Sheep and lambs-Receipts, 8 cars. Market very dull and generally 10c to 15c lower. Best wether sheep, \$565.20; good to choice mixed sheep, \$4.40 624.90; cuils to fair, \$1.5064.25; yearlings, culls to best, \$366.25; spring lambs, \$467; fancy, \$7.25. Market closed weak; heavy sheep and yearlings dull; bulk sold.

The receipts of heavy hogs continue to be light, but are apparently fully equal to the demand, as but few are wanted by the packers or Eastern trade at this season of the year that average over 200 to 225 lbs, the demand being about all confined to the lighter grades and Yorkers for the fresh pork trade, and as a result prices for the latter are fully as strong as those obtained for the heavier grades, and should the supply of heavy hogs become more liberal the indications are that Yorkers and lighter weights of 140 lbs up will take the lead.

The receipts of export cattle this week included several loads that were too heavy, averaging up to 1,560 and 1,570 lbs, and from that cause did not sell as well as weights of 100 to 150

advertising in its columns is in keeping with the rest of its make-up. The standing of a newspaper has more or less to do with the value of its advertising, and if the public finds a certain part of the advertising objectionable and unreliable, then it pays less attention to the other advertisements, and the whole value

of the paper is weakened. To gain the confidence of the public, keep in good company. The rates are reasonable.

sail, "if I did, I think the floating vote would be all I'd have to look after."

"Paw." said Japheth, as they sat on the hurricane deck of the ark, "do you ever think of going into politics?"
"Well," replied Noah, as he pushed the giraffe's head out of the mizzen-to'-gallan'-

And silence brooded over the space o the water while Japheth tried to figure out what his papa meant. No Longer a Terror.

Doctors are a little puzzled over the solated, or nearly isolated, cases of smallpox reported from various points of the country, but the point about it, and the good point, is that in no instance is there news of any serious spread of the diseas and nowhere is there the old terror which the appearance of the malady once inspire
